Setting up, Maintaining and Using an Electric Fence System: Jeremy McGill, Gallagher USA
Lunch & Door Prizes
Dismiss 1:30-2:00pm

What to Expect

We will start the day with registration and introductions. From there we will observe a paddock being grazed at high stocking rate- in action! After that, we will break out into smaller groups and travel to 4 different speakers in 20 minute sessions. Following a short break, we will rejoin as a large group and cap off the morning with a large group session. A **wonderful, free lunch**, grilled hamburgers, a side and dessert, will then be served in the cool at the Church. We will give out some **amazing** door prizes and see the results of our grazing demonstration when the cattle are moved off! Wear your boots, bring your hat and be ready to be outside doing some walking, talking, observing and enjoying!

R.S.V.P. is necessary by June 20, 2012. Please call Donna at 931-242-3338

Hope to See You There!
